INTRODUCTION TO UNHCR

The Office of the United Nations High Commissioner for Refugees (UNHCR) was established on December 14, 1950, by the United Nations General Assembly. The agency is mandated to lead and co-ordinate international action to protect refugees and resolve refugee problems worldwide. Its primary purpose is to safeguard the rights and well-being of refugees. UNHCR's mandate is also to help stateless people.

In more than six decades, the agency has helped tens of millions of people restart their lives. Today, a staff of 18,879 people in 135 countries continues to help 108.4 million persons. To help and protect some of the world's most vulnerable people in so many places and types of environments, UNHCR must purchase goods and services worldwide. For further information on UNHCR, its mandate and operations, please see <http://www.unhcr.org>.

1. REQUIREMENTS

Providing material assistance to forcefully displaced populations is fundamental to UNHCR's protection mandate. In an emergency, heavy duty plastic buckets are one of the main essential items that UNHCR distributes as part of the assistance to the affected populations. The food-grade bucket is primarily used in emergencies as a container that

offers a solution for water storage protected from contamination. The provision of buckets is a life-saving measure in many situations.

The Office of the United Nations High Commissioner for Refugees (UNHCR), Supply Management Service, Budapest, now invites qualified suppliers and manufacturers to make a firm offer for the establishment of Frame Agreements for the supply of:

LOT 1: HEAVY DUTY PLASTIC BUCKET 14 L, RECYCLED

AND/OR

LOT 2: HEAVY DUTY PLASTIC BUCKET, 14L, WITH TAP, RECYCLED

IMPORTANT:

Exact technical specifications of the items are detailed in **Annex A1 and A2** of this document.

For UNHCR to fulfil its mandate, it is imperative to minimize the environmental footprint of humanitarian assistance. For the purchase of this product, a sustainable approach has been considered that includes environmental, social, and economic aspects.

UNHCR is mandated to protect and assist refugees, forcibly displaced communities, and stateless people. The product with this specification will be used by the people we serve, primarily in emergencies. The end users include people of all ages ranging from infants to older persons, persons with disabilities and pregnant women.

Preference will be given to the product that contains the highest amount of food-grade recycled plastic while satisfying the quality and usability requirements of the products.

UNHCR may award Frame Agreement(s) (FAs) with an initial duration of three (3) years, potentially extendable twice for a period of two (2) years each, for supplying its operations globally. The successful bidder(s) will be requested to maintain their quoted price model for the duration of the Frame Agreement(s).

The estimated **annual requirement** of UNHCR is for **1,000,000** Buckets.

Please note that the figures are presented for bidders to have an indication of the projected requirements. It does not represent a commitment that UNHCR will require the totality of the above quantity. Quantities may vary and will depend on the actual needs and funds available regulated by the issuance of individual Purchase Orders against the Frame Agreement.

Other United Nations Agencies, Funds and Programmes, if authorised in writing by UNHCR, shall be entitled to the same prices and terms as those contained in the offers of the successful bidders and could form the basis for a Frame Agreement with other UN Agencies.

IMPORTANT:

Once a Frame Agreement is signed, either party can terminate the agreement upon 30 days' notice in writing to the other party.

The initiation of conciliation or arbitral proceedings in accordance with article 19 "settlement of disputes" of the UNHCR General Conditions of Contracts for the provision of Goods and Services shall not be deemed to be a "cause" for or otherwise to be in itself a termination clause.

IT IS STRONGLY RECOMMENDED THAT THIS INVITATION TO BID DOCUMENT AND ITS ANNEXES ARE READ THOROUGHLY. FAILURE TO OBSERVE THE PROCEDURES LAID OUT THEREIN MAY RESULT IN DISQUALIFICATION FROM THE EVALUATION PROCESS.

Sub-Contracting: Please take careful note of article 5 of the attached General Terms and Conditions (Annex E).

Note: this document is not construed in any way as an offer to contract with your firm.
