

Side event to the 71st meeting of the Standing Committee

Global shelter cluster strategy 2018-2022

Moderated by Mr. Andrew Harper,
Director, Division of Programme Support and Management, UNHCR

Speakers:

Mr. Steven Corliss, Special Adviser on Internal Displacement, UNHCR
Dr. Julie Hall, Chief of Staff and Director of the Office of the Secretary General, IFRC
Mr. Brett Moore, Chief, Shelter and Settlements Section, UNHCR
Mr. Simon Russell, Senior Protection Coordinator, Global Protection Cluster

The global shelter cluster has finalized its strategy for 2018-2022, which highlights the importance of shelter and settlements interventions as critical in rebuilding communities. It emphasizes how such interventions contribute to strengthening protection, livelihoods and psychosocial support, helping persons of concern move from mere survival to becoming productive members of their communities. The vision of the global shelter cluster closely resonates with UNHCR's strategic directions.

The event will explore how UNHCR and its partners can contribute to achieving the objectives of this strategy in the coming years and the key challenges they face.

Wednesday, 7 March 2018

9:00-10:00

Palais des Nations – Room IX
